

# AIRMAN SAFE AFTER 19 DAYS ON ICE CAP

SUCCESSFUL RESCUE of 12 American airmen stranded on Greenland ice cap was announced by U.S. air force today after many futile attempts. Army C-47, lying tilted in shifting snow, carried 12 men to military spot Dec. 9 when it crash landed. Taraulin-covered dugout at right was built by first seven stragglers.

## Dramatic Rescue Frees 12 Fliers in Greenland

WASHINGTON, Dec. 28.—(BUP)—Twelve castaway American fliers were rescued from the Greenland ice cap today by an Air Force transport plane.

### NEW YEAR'S PROBLEM IS EASILY SOLVED

Baby-sitting is an easy and lucrative position, but there are many takers for New Year's Eve. Many people have found it necessary to cancel their plans for a big night when they haven't found a baby sitter.

Here's a way out! There's nothing too difficult for the classified section of the Edmonton Bulletin! Turn to today's Want ad section. You'll find a party advertising for a baby sitter for New Year's Eve.

And that's not all you'll find in Bulletin Want Ads. You may find a dozen other treasures, or discover that other people want the articles you have no further use for. Try Bulletin want ads. They get results.

### Weather Will Become Milder

Still milder mid-winter weather is expected for Edmonton today. The warm weather, with temperatures well above average, has been across Western Canada. And it's going to continue all day Wednesday at least.

The weatherman says the mercury will only drop to 15 above tonight, 12 degrees higher than the overnight low Monday night. And temperature Wednesday will be almost above the freezing point, and the mercury dropping in several days, but climbed rapidly today.

The mercury during last night, lowest overnight temperature in several days, but climbed rapidly today.

Forecast said until midnight Wednesday: variable cloudiness; Wednesday, winds light to west 15, Wednesday, low to light and high tomorrow 15 and 20.

### ADD TO COSTS

The proposed increase from nine to 22 cents per 100 pounds super-imposed on the previous 21 per cent increase will certainly add to the farmer's distressing costs. Mr. Ure pointed out.

He said the increase fell with particular emphasis on farmers in the northern part of the province, who pay more in freight rates than

# Reds Seek Cold War Cessation

Truman Refuses To Name Group Of Peace-Seekers

By ERNEST B. VACCARO  
KANSAS CITY, Dec. 28.—(AP)—President Truman has declined to elaborate on his disclosure that "certain leaders" behind the "Russian iron curtain are anxious to end the 'cold war'."

The President's press secretary, Charles G. Ross, told reporters that Truman did not intend to name the men within the Soviet government advocating an "understanding" with the United States.

The President's surprise revelation in a luncheon speech yesterday here today after a five-day trek in sub-zero weather in an effort to get home for Christmas.

Starting out from the settlement of Fairbanks, Alaska, he became lost on the trail in the rugged White River country near the Canadian border. Finally, with the help of an Indian guide, he made Scott Creek Lodge, and from there an Alaska highway party brought him to Fairbanks.

Young Street may lose two of four badly frozen toes and a frontal report said infection is causing a "dangerously high temperature."

Street, son of William S. Street, president of a Seattle department store, spent the season at China's capital of Peking, and from there an Alaska highway party brought him to Fairbanks.

He did not specify what leaders he referred to.

His address recalled another important task in Oregon last June in which he said he "killed Old Joe" Stalin.

He said at the time, would sign his agreements if he could.

The "Soviet leader," he added, "which would let him carry out his promises."

## Assassin Takes Life Of Egyptian Premier

CAIRO, Dec. 28.—(AP)—Prime Minister Mahmoud Fahmy Nokrashy Pasha was assassinated today morning.

Police said he was shot by a student disguised as a police officer.

They declared the assassin was a member of the Muslim Brotherhood, a nationalist group recently outlawed by the prime minister.

The slain officer within the Ministry of Interior where the Prime Minister was on the way to his office. Witnesses said the assassin fired five times at Nokrashy Pasha with a revolver and then tried to shoot himself.

Other persons in the building at the time said the assassin approached Nokrashy Pasha with a revolver and then tried to shoot himself.

The killer was arrested immediately.

In outlining the Muslim Brotherhood, the Prime Minister charged the group with responsibility for the assassination.

The order followed a series of explosions in Cairo business establishments.

Nokrashy Pasha had been Prime Minister since the end of the war. Last year he went to the United States to receive the New York to play Egypt's part in the evacuation of British troops from the Suez canal.

He sent Egyptian troops into Palestine when the British mandate over the holy land ended to combat what he called aggression by "terrorist Zionist gangs."

The Muslim Brotherhood accused him of weakness in prosecuting the Palestine campaign.

The slaying will bring a new prime minister to office at a critical moment.

# Plane With 30 Aboard Is Down At Sea

MIAMI FLA., Dec. 28.—(BUP)—A chartered passenger plane of 30 persons aboard disappeared on the night of Dec. 19 and 20 near Puerto Rico to New York early today and was presumed down at sea off the Florida coast.

A faint and indefinite distress signal heard shortly before dawn on Dec. 19 and 20 near Puerto Rico to New York early today and was presumed down at sea off the Florida coast.

Search which included the Navy's search plane on the southern tip of the Florida peninsula.

## \$50,000 Fire Sweeps Rocky Mt. House

Special to The Bulletin  
ROCKY MOUNTAIN HOUSE, Dec. 28.—Fire of undetermined origin caused an estimated damage of \$50,000 here early Monday.

Completely wiped out was the Western Furniture store, operated by Fred and Edna Lewis.

Somehow Mrs. Lewis' office and a club room in the store basement were destroyed.

Amusement, art and paint in furniture store, led the flames.

Three other buildings were damaged. They were the Alberta Theatre, a branch office, Matti's butcher shop and a small store operated by H. H. Hach.

Rollie Lewis is owner of the large block housing the gutted furniture store.

The blaze started shortly after 10 p.m. and spread rapidly.

Firefighters were handicapped because of a lack of chemicals. The fire was extinguished by the use of water.

A bucket brigade was hastily formed and carried water from the fire house.

Absence of wind prevented a more serious spread of the flames. As it was, firefighters had to limit their efforts to saving other buildings.

They were successful in preventing the complete loss of the Matti's butcher shop.

That's the biggest surprise of the night. It brought the Matti's butcher shop, owned by Walter Schermer, returning home shortly after midnight. They immediately aroused townsmen.

FAIRBANKS, Alaska, Dec. 28.—(AP)—Butcher, was it called? Why, no, Alaska winter the mercury fell so fast it jerked thermometer out of walls and railroads—gins and sawmills.

# Canada to Get New Jet Planes, Ships

OTTAWA, Dec. 28.—(BUP)—The beginning of the new year will see Canada launched on an accelerated national defence program with special emphasis placed on production of jet fighters and a new-type anti-sub vessel, Defence Minister Claxton said today.

Claxton emphasized that there was "no chance, none whatever" of any refusal to civilian rationing "of any commodities" because of Canada's stepped-up defence plans.

He also said that Canada is preparing to store certain strategic materials which would be hard to get in the event of another war.

There are six or seven materials which the country would have to stockpile to include natural rubber, tin, and quartz crystals.

Production of Canada's "all weather" bomber jet will "proceed without delay" when all tests have been completed, he said.

He added that the plane had been "tested well" so far, but that tests of wings and engines still presented a problem to be ironed out.

Production of Canada's American-type jet fighter, turned out by North American Aviation Limited at Los Angeles, the F-86, also also under way, he said.

Claxton said that, in time, RCAF squadrons would be flying both types of jet.

In addition to stepped-up jet production, next year's defence plans also include conversion and reconditioning of all other types of jet.

NEW ANTISUB SHIP  
Building of the new-type anti-submarine vessel would form part of a new ship-building program for the armed forces, Claxton said.

The scheme will begin at once with construction of an Arctic ice-breaker at Marine Industries Ltd., Sorel, Que.

Mr. Claxton said the new ship would be larger than a frigate and be a "manned" modification of the United Kingdom and United States types now in the planning stage.

The new ship would be larger than a frigate and be a "manned" modification of the United Kingdom and United States types now in the planning stage.

# Tito Cuts Off Food Trade With Soviet

BEGRAD, Yugoslavia, Dec. 28.—(UP)—Yugoslavia cut off all food exports to eastern Europe and prepared to begin trading her rich stores of copper, zinc, iron ore and timber to the west in return for industrial machinery.

The trade break with Russia and Soviet satellite countries was announced in a major policy speech before the Yugoslav parliament yesterday by Prime Minister Tito.

Tito said Yugoslavia no longer will export any "meat, wheat, oil and other items" to eastern Europe because those nations have violated trade agreements with Yugoslavia as a result of the Cominform's excommunication of the Tito government.

# Prosecuting Combine Ok'd

Alberta lawyers have given the green light to the federal department of justice to prosecute members of an alleged black nationalist organization in Western Canada.

Mr. Lucien Maynard, Alberta's attorney general, said his department had received a letter from the senior minister of justice last week.

The letter suggested since the operations of the black nationalist organization were in violation of the Criminal Code, the federal government should prosecute.

# Two Edmonton Sisters Are 'Most Alike' Twins

The most difficult task encountered by the judges in the Bulletin's Twin Photo Contest was making a decision in the "most alike" section of the contest.

Some of Mr. and Mrs. D. W. Croft, won themselves a cheque for \$15 because of their close resemblance.

Mr. Croft, a 40-year-old engineer, and his wife, a 38-year-old housewife, were the winners in the "most alike" section of the contest.

## Dairies Seek Cut In Milk Delivery

### Three Operators Submit Brief To Utilities Board

Sunday delivery of milk will be discontinued February 1 next if an application by three city dairies is granted by the Board of Public Utilities Commissioners. The board sat in the Council Chamber of the Civic block today.

The companies are seeking the instigation of six-day milk delivery in Edmonton on a trial basis from February 1 to July 31. A number of other witnesses are to be heard. They also request that if the trial is successful the six-day delivery system become standard in the industry.

Companies making the application are: Edmonton City Dairy, Ltd., which has been in business since 1914; and the Jager Dairy, Woodland Dairy Co. Ltd., is not participating in the application.

#### MANAGER TESTIFIES

Opening the dairy companies' submission, Murray Hamilton, manager of ECD, said six-day delivery is the trend in Canada, and in American cities deliveries are made every second day in some cities.

He said that in some cities deliveries are made on three days weekly.

## NATIVE SONS RECALL EDMONTON IN 1906

The days of 1906 were revived Tuesday morning, when four of Edmonton's native sons gathered in brief but festive reunion at the Macdonald Hotel.

Occasion was the visit to Edmonton of E. J. Wolf from Seattle, who joined his boyhood buddies, Bill Butters, and Charles and Roy Kiel of the Strand Theatre in recalling days when Edmonton was a rough 'n' ready outpost, just rising from the wilderness.

Mr. Wolf is in Edmonton to investigate insect damage to crops in the district, in connection with a report of a prospective grasshopper invasion next year.

## Boisterous Christmas Lands Trio in Court

It was a too merry Christmas for at least three Edmontonians who appeared in police court today to explain various evidences of boisterous celebrations.

One caused \$82 damage to a local hotel room where he was staying during the Christmas week and another broke a case window by losing a piece of crockery through it, and the third struck a police officer who took him into custody when he was found asleep in a public lavatory.

**DAMAGE TOTAL \$82**  
Edward Bradbury, resident of an Edmonton hotel, pleaded guilty to damaging mirrors, windows, draperies and other items of furniture to the value of \$82. He was remanded to Jan. 4.

Dennis O'Sullivan, Edmonton, drew a \$15 fine and was ordered to pay \$4.38 damages which resulted when he threw a tooth pick holder through the plate glass window of a downtown cafe.

**STRUCK CONSTABLE**  
George Tupper, Edmonton, struck Constable H. J. Miller, who attempted to arrest him, and was remanded to Jan. 4 with \$100 damages. Tupper also pleaded guilty to carrying a concealed weapon, a brass knuckle, and will be sentenced on that charge on Jan. 4.

"WILD ABOUT HARRY," stars of the Metropolitan Opera, sing out for one of the first recordings to be made in the United States since the Petrolino ban was lifted. Shown standing are Gladys Swarthout (left), Lawrence Tibbett, Jim Pierce, Leonard Warren and Fran Warren, with Marilyn Lowe (seated), as they recorded the song, "I'm Just Wild About Harry," for presentation to President Truman.

### LACKAWANNA, N.Y. Dec. 28.—(AP)—Three men were killed by gas yesterday at the coke ovens of the Bethlehem Steel Company. Several others were taken to the company's hospital.

## QUEEN OF RAISIN BOWL, in pretty Jane Leach of Monson, California. She won title over seven other candidates, and it's not hard to see why. Jane will be reigning over students at annual Raisin Bowl festivities at Fresno when Colorado A and M meets Occidental College on New Year's Day.

## 1,035 Drivers' Licenses Suspended in Alberta

While Alberta's automobile accident indemnity act contains fewer teeth than similar Manitoba legislation, 1,035 Alberta drivers have had their licenses suspended since April, 1947.

The act authorizing the suspension came into effect in that month.

Of these 656 are still under suspension.

**MOVE IN MANITOBA**  
In three years of operation the Manitoba law officers have suspended 2,886 licenses and retained 877.

Licenses are suspended in Alberta when a driver who has been involved in an accident is unable to show an insurance policy to cover the damage, or unable to show financial ability to meet the costs of the accident.

In those cases where vehicles involved are from another province, the Alberta legislation provides for impoundment of the car unless it is insured. This clause is the local regulation has been invoked only twice.

An extra dollar is charged in Alberta with every license plate issued. The fund realized from this charge is known as the Alberta Unsatisfied Judgment Fund, and is used to pay hospital expenses of accident victims who are unable to collect damages through insurance or court action.

Licenses suspended may be related by the drivers responsible for the accident posting a bond with the fund sufficient to cover costs of the damage.

**Amalgamation Set**  
Hythe school district becomes the Hythe-Gladstone school division on Jan. 1, according to an announcement made today by Dr. W. H. Swift, Alberta's deputy minister of education.

**MAYOR GETS SOMETHING DIFFERENT**  
The cleanest policemen and the most courteous officials of any city in the world, it is said, are the West End bus drivers. They are so courteous, it is said, that they will even let a lady get on the bus without paying.

**Two Injured Near Calmar**  
A Calmar man and his 11-year-old daughter were injured in a Christmas day traffic accident at a mile east of Calmar.

Injured were William Sol, Calmar baker, cuts and bruises, and Maxine Sol, broken nose. They were not hospitalized.

The accident occurred when Sol's car collided with auto parked on the side of the road near a house. The parked car was unoccupied.

## Killam District Plans Festivals

KILLAM, Dec. 28.—Plans for annual musical festivals to be held late this winter and during the spring in the Killam incorporate, were made recently at the regular meeting of Education Club of Killam Inspectorate.

About 30 teachers and principals from the following schools attended the meetings: Loughridge, Central High, Killam, Dayland, Hebert, Round Head, Forestburg, Galahad and Alliance.

During the evening committee executives for the festivals were chosen. They are as follows: President, C. M. Carter; secretary, Miss I. Zarowich; Loughridge, treasurer, Mrs. D. McDonald; Killam; vice-president, H. O'Neil; Dayland.

Forestburg festival committee also met at the meeting. It includes: President, Joe James; vice-president, Harry Kwasick; secretary, Mrs. C. C. Birdell; treasurer, Mrs. V. Kiley, all of Forestburg.

Other business at the meeting concerned inter-school hockey and curling and the high school testing program.

### Clubs Sponsor Queen Contestants

DAWSON CREEK, Dec. 28.—The three Princesses who will run for the office of Queen of the Gyro Winter Carnival were formally introduced to the public at a dance held recently.

The girls are Mary Ryan, sponsored by the local branch of the Red Cross; Lillian Hargreaves, sponsored by the Jaycees; and Yvonne Young, sponsored by the Killam American Trucking Co., Ltd.

**Priest Suffocates**  
BUFFALO, Dec. 28.—(AP)—A priest was suffocated and his assistant badly burned last night in a fire at the rectory of St. Stephen's Roman Catholic church.

This makes the fifth year in a row he received the same award for his services to the church.

### BEARD GROWING TEST COMING UP IN ESTHER

ESTHER, Dec. 28.—Starting New Year's day, many Esther men will resolve not to shave any more, if their wives will let them. The Students' Union of the Oyen High School, are sponsoring a beard growing contest ending on Feb. 24.

The best bearded man will be crowned Cameron Williams for the night and will be awarded with a completely equipped shaving kit. The second best beard will be awarded with a lighter and a service kit.

There is also a booby prize for the poorest beard. According to announcements anyone may enter, from 2 to 80 years of age. "It's no fun to shave," it is a "booby" status the students union report. "Think of the razor blades and electric bills you'll save. If your wife says no, show her who is boss."

### Testing Plane

WASHINGTON, Dec. 28.—(AP)—The United States navy is testing its big, hard-biting fighter plane, the "Mustang," in flights from the carrier Neverspace off the east coast. The single-engine 22,000-pound plane is heavily armed with torpedoes, and has a range of more than 2,000 miles and a speed faster than 300 miles an hour.

## CANADA DRY Sparkling WATER

Adding its gay note of good cheer, you'll find Canada Dry Sparkling Water "at all the happiest celebrations... for it's the important 4/5ths of any good drink, thanks to those long-lasting bubbles from exclusive "Pin Point Carbonation"... and Canada Dry Sparkling Water underlines your drink's flavor, adds life... makes a good drink really right.

By the handy Home Carbon, glass from one convenient size—always serve well chilled.

The important 4/5ths of your drink

### INFANT BOY HAS TWO TEETH

CLEARFIELD, Pa., Dec. 28.—(AP)—His parents insist it had nothing to do with the song but the Christmas baby born to Mr. and Mrs. Frank Liberty had two front teeth. The infant was born Christmas Day at Clearfield hospital.

### Teen-Agers Escape Dance Hall Fire

MONTECLAIR, N.J., Dec. 28.—(AP)—Thirty-five teen-agers escaped through broken windows when a flash fire gutted the interior of the Avena dance hall last night. Several suffered cuts about the hands in their flight.

### Lehigh Rail Wreck

WILKES-BARRE, Pa., Dec. 28.—(AP)—Lehigh Valley railroad crews worked last night to remove the wreckage of a diesel engine and 22 freight cars piled up on a mountain pass near Wilkes-Barre. Officials said damage likely will exceed \$100,000. No one was injured.

**LOST HUNTING SANTA**, four-year-old Bob Colburn seems happy enough in Philadelphia police station waiting for his grand father to call for him. He had walked two miles in quest of Santa Claus, planning to exhibit his damaged toy trains and suggest replacements at Christmas time.

## Canada's Foreign Trade Boosted By ERP Purchases

OTTAWA, Dec. 28.—(CP)—Canada received nearly \$600,000,000 in United States funds through European Recovery purchases during 1948 and herself provided about \$150,000,000 in financial help to Britain and other European countries.

The ERP purchases really amounted to United States financing of goods which Canada in normal times would have sold to other any. Its importance to Canada was twofold.

The ERP purchases were a major source of U.S. currency and did much to build Canadian credit standing of foreign exchange during the year. Reserves of gold and U.S. dollars rose from \$100 million to \$450,000,000 when the government disclosed announcing the total in June.

Moreover it substantially slowed British reaction of Canadian trade with Europe which began to set in with the exhaustion of this country's ability to make further heavy contributions to foreign recovery.

An appearance before the special committee on the ERP purchases in the spring, Graham Towers, governor of the Bank of Canada, frankly expressed his fear that without the ERP provided, Canada's export trade with Europe would have virtually ceased before the year was half finished.

**CREDIT FROZEN**  
Canadian contributions to European recovery drew to a close early in the year when it became necessary as a result of the Dominion's own shortage of foreign exchange to freeze the United Kingdom credit.

British received about \$52,000,000 from the credit during the year. France, China and The Netherlands received most of the balance of the \$100 million Canada extended in credits in 1948.

Despite ERP, trade with Europe was slowing down in the last half of the year. Canadian timber exporters faced substantial reductions in British orders and there

**Counting Tricks in Advance Pays Off**  
By William E. McKenney  
My best wishes for a happy and prosperous New Year go to U. A. Sankar and A. J. Cole of the Central Schools Association, Chicago, Ill. Their school and college belonging to the Central Schools Association contributed \$100,000 worth of scholarships to our war orphans.

Brave players of the nation started War Orphans Scholarships, Inc., and the generous and the Central Schools Association assure our war orphans a better future.

It is remarkable how complicated a thing can look when we have little or no knowledge of the subject. At the American Television Institute in Chicago, which is operated by Mr. Sankar and Mr. Cole, I looked with complete bewilderment at the television sets that the students were building.

It seemed funny when Mr. Cole said to me, "You can learn constructing bidding pretty well out of a book but how do you master the play of the cards?" Here was a master mind of television acknowledged that the play of a hand at contract is complicated. Well, it is not so complicated unless you make it so. And today's hand demonstrates that.

To count a hand down seems difficult to the average player. But when East showed out on the second round of diamonds, and West followed in three rounds of hearts and three rounds of clubs, it simply meant that West could have only one spade.

Therefore, South did not have to guess the spade. By counting the hand down he knew that he had to do so to lead a small spade to the king and then take the spade finesse for the needed 11th trick.

### RESIDENTS LIKE TO PAY TAXES

PETERHAM, Mass., Dec. 28.—(AP)—Here a little town in Massachusetts where folks apparently "just like to pay their taxes."

At least that's the tax collector Harry Hales is reporting. He has tax collections 100 per cent paid for 1948.

Except for wheat, oats were expected in all the main United Kingdom food contracts.

The wheat trade was in line with a warning given by Sir Stafford Cripps, British Chancellor of the Exchequer, during a visit to Ottawa early in the autumn. The chancellor made it clear that the country intended to achieve its economic salvation by spurn means even if it proved painful for other countries as well.

**SHARP DROP**  
British purchases in Canada, he warned sharply, would be reduced to the minimum. Wherever possible, the United Kingdom, under the compulsion of its acute financial difficulties, would get its supplies from non-dollar countries.

To soften the impact of British policy in any way possible, a "consulting committee" was appointed to study Anglo-Canadian economic relations. Its members are tentatively scheduled to hold their first meeting in London early in the new year.

### Paper Growing

HANNA, Dec. 28.—Hanna's only newspaper, "The Hanna Herald and East-Central Alberta News," is growing by leaps and bounds.

For years it boasted only two leaves. The most recent issue has 10 pages of news and advertisements.

**CENTRE OF ATTRACTION** when this picture of Britain's royal family was taken after christening ceremony was the month-old baby, Prince Charles of Edinburgh. Shown seated are: the Dowager Marchioness of Milford Haven, who married Queen Victoria's

grandson; Princess Elizabeth, holding the baby prince, and Dowager Queen Mary. Standing are: Lady Irene; Philip, Duke of Edinburgh; King George, the Rt. Hon. David Bowes-Lyon, the Earl of Athlone, brother of the dowager queen, and Princess Margaret.

## Canadian Navy Warships Ranged Far During Year

OTTAWA, Dec. 28.—(CP)—The Navy looked back today on a 1948 which saw its ships exercising as far as Hawaii, as far north as Hudson Strait, and which brought the encouraging announcement that it will get a new escort vessel capable of handling the latest in submarines.

It also will shortly have a squadron of British aircraft specially fitted to fight submarines. An official review of the year highlighted these events as well as "the largest peacetime review training program in RCN history," the commissioning of the aircraft carrier Magilligan, the new station ship at Dartmouth, N.S., and the Canadian-built Tribal class destroyer Albatross.

Another piece of new equipment on the books as the year drew to a close was a modern leakbreaker which will service far northern weather stations among her other duties. She will be built at Sorel, Que.

Reserve training embraced 2,500 officers and men and included two weeks training cruises to such places as Bermuda, Boston and San Francisco. At year's end, the active units of the fleet were the Magnificent, destroyers Nootka and Halifax, frigates St. Stephen and Surovost, and the Algerine escort New Liskard on the Atlantic coast and the cruiser Ontario, destroyers Cayuga, Albatross and Crescent and the frigate Antigonish on the west coast. Strength of the regular force was roughly 8,000.

The northern cruise in September was made by Magnificent, Nootka and Halifax and saw RCN ships off Hudson Bay for the first time.

Five units of the west coast fleet sailed to Hawaii in October and exercised with U.S. craft.

During the Fraser Valley floods, the navy was on the job in a number of ways more than a month.

In the air, new planes and equipment were added and training facilities for air and ground crew were "expanded."

On the personnel side, non-commissioned officers were placed on the same basis as those of the army and air force by a shuffle in ranks. The way also widened for men in the ranks to qualify for commission through educational help.

## THOUSANDS ALL WET BECAUSE OF RITA

DUBLIN, Dec. 28.—(Reuters)—Thousands of Dublin women and some men got all wet yesterday because of Rita Hayworth.

Rumors that the film queen would appear at the Leopardstown races drew large crowds to the track near here. Despite drenching downpours the crowds stayed to the bitter end, but Rita failed to put in an appearance.

She spent the entire day at Giltown House, Kilkenny, where with a small party she is the guest of Prince Ali Khan, son of the Aga Khan.

## Canada Has Favorable Bond Sales Balance

OTTAWA, Dec. 28.—(CP)—Canada's international securities transactions with the United Kingdom produced a sales balance in October for the first time in seven years, the latest Bureau of Statistics report shows.

The balance, amounting to \$800,000, was mainly due to net sales of bonds issued by the Dominion and provincial governments, as well as Canadian corporations.

PCT. DECREASE Transactions in securities between Canada and other countries in October totaled \$5,300,000, a decrease of 11 per cent from the September total, but an increase of 19 per cent over October's year ago.

Both sales and purchases were lower in October than in the previous month. The purchase "ance fell from \$900,000 to \$500,000.

The bureau report showed that Canadian securities transactions with all countries in the first 10 months of 1948 resulted in net purchases of \$18,800,000, against net purchases of \$15,300,000 in the same period in 1947.

Most important types of transactions in 1948, said the report, were purchases of Dominion bonds and United States stocks.

STOCKS ADVANCE Stock prices advanced in October with the exception of Canadian golds which dropped a fraction of a point.

During October's securities trade with the United States, sales and purchases each decreased from the preceding month by approximately the same amount. They fell from there no appreciable change in the net outflow of funds, \$900,000 in October and \$800,000 in September.

The inland lakes of Canada contain more than half the fresh water in the world.

## EVEN IN OTTAWA Housing Hits Federal Gov't In Sore Spot

OTTAWA, Dec. 28.—(CP)—Like a lot of its citizens, the government is finding itself cramped for living space.

Works Minister Fournier said in an interview last night the government was on the "open market" for buildings to accommodate its network of offices and stores of records across the country.

The situation was particularly distressing in the capital, the minister said. Accommodation had steadily grown more scarce since control on commercial rents were lifted at the end of last year.

So far, negotiations the government was investigating the possibility of taking over several large commercial buildings in the capital.

Under consideration was the purchase of the downtown site and plants of the Ottawa Car and Aircraft Company, expected to be one of the largest single individual property deals by a federal government in some years, if completed.

So far, negotiations were in the preliminary stages. The government is "considering" the purchase of the site and plants of the Ottawa Car and Aircraft Company, expected to be one of the largest single individual property deals by a federal government in some years, if completed.

## U.S. Labor Scene Undergoes Change

**Truman Election Puts Skids To Taft-Hartley Legislation**

WASHINGTON, Dec. 28.—(AP)—The year 1948 brought an overtone of change in the industrial relations picture. It happened on Nov. 2-3, when the United States elections were held.

As a result of the election, American business suddenly faced the prospect of changes in the federal and state labor laws, to the advantage of unions.

President Truman won on a platform of opposition to the Taft-Hartley Labor Act and the Democrats captured control of Congress and gained strength in state governments.

A pendulum swing back to the original Wagner Labor Act is unlikely, but a new federal law somewhere between Taft-Hartley and Wagner is in the cards. What happens in Congress is likely to be reflected in many state legislatures.

Leaders change Business also faces a changed group of labor leaders. Those seen after two years largely on the defensive, have received a psychological boost. They are planning big advancing drives.

So the election must be counted as the top labor development of 1948. There were other events of lasting importance.

Wages went up again. So did prices. And the price index indicated new demands in 1949. But the wage situation was affected by vital fact that prices leveled off in the last quarter of the year. Employers and unions, getting ready for the coming months, were studying the price index anxiously.

Unions began a surge toward obtaining pension plans and other forms of insurance benefits. Better coal miners began receiving pension plans for buildings to accommodate its network of offices and stores of records across the country.

Strikes decreased A little. But picked little violence interested. Strike situation in 1948 is expected to rise in the neighborhood of 100,000 man-days in 1949. The record is 118,000 man-days in 1947.

The threat of the Communists in the labor movement continued. More CIO unions are expected to the right.

Seven Operators Of Struck Mines Repeat Offers REGINA, Dec. 28.—(CP)—Seven mine operators affected by a strike in the Estevan-Bienfait coal field of Saskatchewan said last night in a statement they had reiterated offers rejected by the miners last week in a secret bid.

"Our offer will remain open indefinitely for acceptance," one of them said.

Their representatives, government officials and officers of the United Mine Workers of America (U.M.W.) met yesterday in continued negotiations.

Offered earlier—and rejected by the miners—was an eight-and-a-half-hour week, a 44-hour week, payment for statutory holidays and a pension fund to which both parties contributed five per cent of earnings.

The miners—about 200 of them are on strike—asked a 20-cent-an-hour bid in wages, a 40-hour work week and increased company contributions to a pension fund.

The miners—about 200 of them are on strike—asked a 20-cent-an-hour bid in wages, a 40-hour work week and increased company contributions to a pension fund.

## BLIND PERSON BECOMES PRIEST

MONTREAL, Dec. 28.—(CP)—For the first time in the annals of the Roman Catholic church in Canada a blind person has been ordained to the priesthood.

Rightless since birth, 33-year-old Rev. Roland Campbell of Stanbridge Station, Que., read liturgical prayers solemnly in a service which was held in the church of the deaf and dumb institute, Archbishop Joseph Charbonneau of Montreal officiated.

The pope had approved his ordination following a petition sent to the Vatican by clergymen at Stanbridge Station, where Father Campbell studied for the priesthood.

Soaking Rain Is Christmas Gift For Queensland SYDNEY, Australia, Dec. 28.—(CP)—A steady soaking rain gave drought-stricken Queensland farmers their best Christmas present in years.

Rain began to fall Christmas Eve and recordings up to five inches have been reported from some of the most parched areas. Although only scattered thunderstorms have hit Queensland's main sheep-grazing lands, the weather bureau forecast general rain in that area within the next day or two.

This will mean the end of Queensland's three-year drought, one of the worst in the state's history.

During the drought it is estimated that almost 5,000,000 sheep and more than 1,000,000 head of cattle have died.

Tanganyika natives using chopsticks, hammers, iron bars and their Christmas ration of coal lumps attacked other tribes in the crown mines compound at Johannesburg. Six natives were slain before several hundred police quelled the rioters.

GOES ON TRIAL VIENNA, Dec. 28.—(AP)—Dr. Franz Roeder, 54, Herman Goering's brother-in-law, will go on trial today on charges of high treason.

## PRINTING SLIP ADDS TO STAMPS' VALUE

LONDON, Dec. 28.—(Reuters)—Fifty penny stamps commemorating the silver wedding anniversary of the king and queen for use in the international zone of Tangier, Morocco, with a face value of 25 shillings are thought to be worth thousands of pounds because of a printing error.

The sheet on which these stamps were printed appears to have slipped in overprinting with the result that the word "Tangier" is missing from one row of the sheet and appears at the bottom instead of the top of other rows.

Experts agree that the printing error has given the sheet "very great value." One estimate runs as high as \$5,000 (\$25,000).

## MAY BE WHEN 50 BELOW

## Ice Bowl Grid Game Scheduled in Alaska

FAIRBANKS, Alaska, Dec. 28.—(AP)—An Ice Bowl game, billed as "the furthest north football ever," will be played here New Year's Day—even if the mercury dips to 50 below.

Battling in this latest addition to the Bowl game list will be the University of Alaska and the gridder of Fairbanks' Lady Frank air force base.

Game time will be sometime in the afternoon, since the air rises around 9:30 a.m. and sets about 2:30 p.m. at this time of year. There will be 35 men on each team to permit full substitution every five minutes, a necessary strategy in this Arctic Circle town.

Players will not use the usual football gear but will wear parkas, hoods, heavy undersuits and special Arctic masks designed to protect the lungs from frostbite. The prescribed football gear is the mask, a heavy cold weather hood favored by Eskimos.

One or two pairs of long-handled underwear is optional gear. Players on the side will be wrapped in electric blankets.

Medical authorities, dubious about permitting violent exertion in subzero weather, approved the game when team captains agreed the players would remain on the field more than five minutes at a time.

By common consent, no official time will be charged against either side if play is interrupted by bear, caribou or moose wandering. That would mean the new car is selling for about \$1,500.

The snow-covered gridiron will be marked off with coal dust. To the winning team will go the Ice Bowl trophy donated by Capt. Angus E. Macdonald, a Fairbanks resident. Three victories in a row will bring permanent possession. The trophy is a replica of one awarded the Bow Bowl winners.

As for the spectators, they will view the game through windows of a special warming house. Food service facilities will centre around a dais on the university campus, when an Ice Bowl game will be named.

## Edmonton's Young Skiers Learn Difference Between Christie and Sitzmark

**THERE ARE IMPORTANT** little tricks to every game as Edmonton youngsters are finding out as they take instructions in skiing from Edmonton Recreation Commission experts. Here Garry Folland of 19191 94 street gets a few pointers from instructor Clarence Hakenstad at Highlands ski training hill. Skis down and head up is important.

**FOLLOW THE LEADER** and try and keep right side up is the order of the day as boys and girls from 10 to 17 take their first lessons in the art of skiing. Chief instructor for Recreation Commission is Normie Rial. Classes will be held each Saturday until next spring at three city hills, Highlands, Municipal and Grassy. Re-

sponse to the new learn-to-ski classes has been very good, but instructors are hoping for more snow. Skiing sends the red blood coursing through youthful veins and is one of Canada's great winter sports. Edmonton has hills-a-plenty, usually an abundance of snow and no youngster should fail learn this thrilling sport.

**WINTER IS NEVER** cold to warm-hearted Gladys McCooy of 11640 88 street. Here the young high school girl gets ready for a joyous takeoff at the Highlands ski hill. She's one of several hundred Edmonton boys and girls taking advantage of Civic Recreation Commission learn-to-ski classes held each Saturday under expert instruction.

## ON THE TOWN

**By J.D. TRUMPET-**  
**TRANSIT TRUMPET-** This is a polite questionnaire addressed to Edmonton Transit System's Tom Ferrier by a lot of strap hangers who aren't so polite:

Why don't the street cars stop to pick up and let passengers off at 109 street and Jasper avenue?  
Did you ever try springing for a train from 108 street to the CPR station lugging two heavy suitcases and a squalling baby? Why in the world shouldn't a signal stop be OK for handling passengers when the motorman has to sit for a light change nine times out of ten? How come buses don't stop any more by the Union Bus Depot at 102 street and 102 avenue? Have you ever heard of the Travellers Aid Society, Tom?

These same knights and ladies of the hanging strap realize a lot of experimenting may be necessary before Tom clicks with a speedy, smooth service. At the same time, by-passing two leading travel centres isn't winning friends and favorably influencing a good many citizens and visitors.

★ ★ ★  
**GRAPE OF WRATH** — Mrs. Christina Wood has a big gripe at a little grape. Mrs. Wood is one of those pearls of great price, a very good cook. She's been queen of the kitchen at the Edmonton barracks of the Royal Canadian Mounted Police for five years. Christmas Eve she was bustling around serving a Yuletide feast to the famed carter riders of the place. Somebody dropped a grape on the banquet floor. Mrs. Wood stepped on it and nearly died. She spent Christmas Day in the Royal Alexandra Hospital with a fractured left arm. Note from the sick room: No fruit, by request.

## CN Freight Man Ends Long Tour of Service

Harry J. Ayling's 32 years of service to the Canadian public in Canadian National freight offices ends tomorrow on his superannuation. Since 1916 he has been senior freight representative at Edmonton.

Mr. Ayling was born in Cardiff, Wales, 35 years ago and came to Canada 20 years later. He joined the old Canadian Northern Railway at Regina in 1916. His first appointment to that railway staff was as a freight rate clerk.

In 1922 he became chief clerk freight traffic representative and in 1927 came to Edmonton a travelling freight representative. The appointment he holds on his retirement came to him in 1946.

He intends to continue living in Edmonton where his address is suite 3, Antenne Apartments, but confidant he also expects to do a "little travelling" on his own behalf.

Active in community life, Mr. Ayling is a member of the Edmonton Kiwanis and still belongs to the Ws-Wa Shrine Temple in Regina.

A member of the Highlands Golf club, his retirement will give him more time to devote to his favorite outdoor sport.

Fellow employees will honor Mr. Ayling's service to the road tomorrow, Wednesday, at a dinner in the McDonald hotel. A presentation will be made to him.

**Assault Charge Brings \$20 Fine**  
Charge of common assault of his wife on Dec. 15 resulted in a \$20 fine in police court today for John Harvey Holt of 16540 155 street.

He was also bound over for six months to keep the peace and be of good behavior.

His wife charged that he struck her several times about the head during a domestic argument. Holt, who did not enter defense, was convicted of the charge.

## 84 TRANSFUSIONS ARE GIVEN

## Red Cross Is Kept Busy During Holiday Season

During the three-day holiday period the Canadian Red Cross Blood Transfusion Service Depot in Edmonton supplied 78 transfusions of whole blood and 6 transfusions of plasma to city and district hospitals.

Maintaining 24-hour service since it was organized nearly 18 months ago, it was "business as usual" over the festive season for the laboratory technicians and transport drivers on duty at the depot, with reports showing only a slight decrease in the requests for blood from the hospitals.

With only minor accidents occurring in the city, Red Cross officials said the majority of blood

transfusions administered were cases of severe hemorrhage and emergency operations of blood. One patient in a city hospital received 25 transfusions of blood during the past week. Blood Transfusion Service officials stated. The patient's blood is of the rare group AB, a type found only in three per cent of the population. Pointing out that the success of the service depends on an adequate supply of all blood groups being available at all times, officials stressed the constant need for donors.

Blood donor clinics will be held this week in the Edmonton Blood Donor Clinic premises, which are located on Tuesday and Thursday evenings.

## Five Motorists Pay Fines For Driving Dangerously

Seven persons charged with dangerous driving over the Christmas holidays appeared before Magistrate A. I. Millar in court Tuesday morning.

Five pleaded guilty and received fines ranging from \$40 to \$60 each. Two of these also had their drivers' licenses suspended for three months, and the remainder reserved pleas and were remanded for trial next week.

Also remanded was John Houston, 16019 81 avenue, charged with driving while drunk.

**\$50 AND COSTS**  
New Peters, 9607 100 street, was fined \$50 and costs on a dangerous driving charge laid following a collision with another car at the intersection of 106 street and 102 avenue.

For passing another vehicle on the right side while driving north on 97 street Mike Fermanish Nanan, was fined \$50 and costs and had his drivers' license suspended for three months.

Driver's license of Leo J. Williams, 7605 165 street, was also suspended for three months.

**Body Of Missing Woman Is Found**  
Body of a 19-year-old Edmonton woman was found Monday less than 100 yards from the St. Albert convent, from which she disappeared a few hours earlier.

The woman, Mrs. A. Sturges, resident of the convent, died of exposure, police said.

Discovery of her body followed an extensive search of the St. Albert area by police after she disappeared on the night of Dec. 24. A trained dog was used by RCMP in the search.

The woman's body was found in a gully about 100 yards from the convent.

No request will be held, police said.

## Seal Returns Nearing Goal

Christmas Seal receipts for Edmonton and northern Alberta are now \$45,300 according to a report received today from J. C. Scott, chairman of the Kiwanis Club Christmas Seal committee. The 1948 objective is \$53,000.

E. H. Read, president of the Alberta Tuberculosis Association, today issued a statement regarding the standing of the provincial Christmas Seal sale, as follows:

"The provincial Christmas Seal fund amounts to \$106,200 towards an objective of \$125,000 for the whole province. We should very much like to close our books at the end of the year, since we do not wish to have our campaign drag on and on for weeks beyond the date set for closing, as so many campaigns do. It is, however, of the utmost importance for us to reach our objective at least."

"Every dollar contributed in Alberta to the Christmas Seal fund will be put to the special task of eliminating TB in Alberta, except in cases that goes to the National office for education, research, etc."

The weight of a big redwood tree has been estimated at 1,500 tons.
